That’s the number of anti-2SLGBTQI protests and instances of online hate we’ve tracked in Canada. And that’s just from the first three months of this year. If we included every act of violence, every unreported threat, and every attack on our right to exist—there wouldn’t be any flag left.

There’s a rising tide of hate in this country that can no longer be ignored. So, we’re calling on you, as leaders and decision makers, to act now.

In the following pages, you’ll find just some of these 6,423 attacks, bound together by the threads from the pride flag they aimed to destroy. Hate wants to pull us apart, but we won’t let them unravel our pride.

RT @Internet_TLCM: The last time I read the Bible, it didn’t say that Jesus was a queer pervert who danced almost naked in an erotic way, in front of little children.

If Christian values are being removed from Kindergarten curriculum and replaced with Drag queen/Woke values to promote “Inclusivity”, then why not bestiality hour, Sharia law (or was 😷 that?), KKK hour, etc. also?

Inclusivity right? What a sick joke the 🌍 has become! ParameterDirection

It's amazing how quick the woke will call someone a Nazi, but how much they struggle calling a man dressing in drag around children a ghoulish pedophile. #NDP There are no Nazis at that table. Feel free to speak up and defend your members at any point... #PPC @artisteashlei

If a person believes that children attending drag groomer show is somehow a net benefit to society, that grown men living out their fetishes by frolicking around in women’s panties for pre-pubescent somehow embeds tolerance, then we no longer any common ground to stand on.
Don’t let them unravel our pride.
